

April 2025

Dear Teacher, thank you for your interest in the Pima County Fair Student Performer Program.

Most stages are shaded and PA is provided. Bands and other performance groups are responsible to provide their own instruments and stands and instruments. Most student groups have been scheduled for one, 60: minute performance. Children performances can be shortened.

The Pima County Fair is **unable to provide cd/cassette players, Bluetooth speakers, music stands or instruments.** Additionally, the Pima County Fair does NOT have a storage area for your instruments. Do not leave your instruments unattended at any time.

The Pima County Fair Main Gates do not open to the public until **3:00 p.m.** during the week and 11:00 a.m. on weekends. When necessary, the Main gates will be staffed with an attendant to allow scheduled student performance groups onto the grounds before the general public arrives.

Students are allowed to bring in a sack lunch and bottled water. Teachers often bring their own ice chest. If you need help with this, once you enter the fair, go to the guest services office located directly inside the main entrance and the staff there will be happy to assist.
