

2025 Pima County Fair Hall of Fame

In recognition of countless hours of service and selfless dedication, the following individuals have been recognized as recipients of the Pima County Fair Hall of Fame Award.

CINDA AND DOUG STIDVENT

Both Cinda and Doug were born in Texas but have been in Tucson all of their adult lives. Cinda has been a hair stylist for 52 years and has owned her own shop for 18 years. Doug spent 6 years in the Air Force and 28 years in the Air National Guard. Neither had a livestock background but got involved when their kids enrolled in the swine and sheep 4-H projects. As a result, they both became leaders in the Tanque Verde Valley 4-H club for 8 years. They own Just a Moment of Time Photography and have been doing family, wedding and graduation pictures for 30 years. In 2004, they were asked to be the photographers for the junior livestock shows and continue in this capacity. Cinda gets photos of individual exhibitors as they exit their classes and champion's pictures while Doug takes as many as 3000 random ring shots. Doug also acted as one of the ring men at the auction for 6 years. They are a talented pair of photographers who really care about the kids and do a great job trying to get that "just right" shot.
